

NovaTech Solutions Pvt. Ltd. - Company Policy Handbook

Fictional sample document for multimodal RAG practice

Document field	Value
Company	NovaTech Solutions Pvt. Ltd. (fictional)
Document type	Employee policy handbook
Effective date	01 January 2026
Version	1.0
Owner	People Operations and Information Security
Intended use	Training, demo, and RAG testing only

This document is a fictional sample created for testing a retrieval augmented generation system. It is not legal, HR, or employment advice. All names, limits, and rules are invented for demo use.

Table of Contents

- 1. Purpose and scope
- 2. Work hours and attendance policy
- 3. Leave and time-off policy
- 4. Remote work and hybrid work policy
- 5. Data security and IT usage policy
- 6. Responsible AI tools policy
- 7. Expense reimbursement policy
- 8. Code of conduct
- 9. Performance review policy
- 10. Exit process and asset return
- Appendix A. Quick policy tables
- Appendix B. Sample questions for RAG testing

1. Purpose and scope

NovaTech Solutions Pvt. Ltd. follows a clear and consistent policy framework so that employees understand company expectations, employee benefits, security responsibilities, and workplace conduct rules.

This handbook applies to all full-time employees, interns, contractors, consultants, and temporary workers who access company systems or represent the company in any official capacity.

Managers may create team-specific guidelines, but those guidelines cannot reduce the minimum standards mentioned in this handbook.

2. Work hours and attendance policy

The standard working schedule is Monday to Friday, 9:30 AM to 6:30 PM local time, including a one-hour lunch break. The company follows a flexible start window from 9:00 AM to 10:30 AM.

Core collaboration hours are 11:00 AM to 4:00 PM. Employees should be reachable during core hours unless they are on approved leave, in training, or handling an emergency.

Attendance rule	Policy detail
Grace period	A grace period of 15 minutes is allowed up to 3 times in a calendar month.
Late arrival	More than 3 late arrivals in one month may trigger a manager discussion and attendance improvement plan.
Timesheet	Timesheets must be submitted every Friday before 6:00 PM.
Breaks	Short personal breaks are allowed, but they should not disturb scheduled meetings or urgent work.
Unplanned absence	The employee must inform the manager and People Operations as early as possible, ideally before 10:00 AM.

Employees working with clients in different time zones may follow a client-aligned schedule after written approval from their manager.

3. Leave and time-off policy

Leave balances are calculated annually from 1 January to 31 December. New joiners receive leave on a pro-rated basis depending on the month of joining.

Leave type	Annual entitlement	Key rule
Casual leave	12 days	Use for personal work or short planned absence. Apply at least 2 working days in advance.
Sick leave	8 days	Use for illness or medical needs. Medical proof may be requested after 2 continuous days.
Earned leave	15 days	Available after confirmation. Apply at least 10 working days in advance for long leave.
Work from home days	24 days	Can be used with manager approval when the role supports remote work.
Emergency leave	Case by case	Manager should be informed as soon as possible. Formal approval can be completed within 24 hours.

Unused casual leave and sick leave do not carry forward to the next year. Up to 10 unused earned leave days can be carried forward, subject to company approval.

4. Remote work and hybrid work policy

NovaTech follows a hybrid work model. Employees are expected to work from office at least 3 days per week and may work remotely up to 2 days per week with manager approval.

Monday is treated as a planning and coordination day. Teams may ask employees to attend office or join video calls on Monday depending on project needs.

Remote work expectation	Requirement
Internet	Employee should use a stable and secure internet connection.
Meetings	Camera is recommended for important meetings, but not mandatory unless the meeting owner clearly requests it.
Availability	Employee should update calendar status and respond during core hours.
Confidentiality	Company documents should not be viewed in public places where others can read the screen.
Equipment	Company laptop must be used for official work unless exception approval is given by IT.

5. Data security and IT usage policy

Employees are responsible for protecting company data, client data, source code, system credentials, and confidential documents. Security responsibilities apply whether the employee works from office, home, or a client location.

Security area	Required action
Password	Use passwords with at least 12 characters. Do not reuse company passwords on personal websites.
Multi-factor authentication	MFA must be enabled for email, code repositories, cloud accounts, and production dashboards.
VPN	VPN is required for accessing internal systems from outside the office network.
Storage	Company data must not be stored in personal email, personal cloud drives, or unauthorized USB devices.
Incident reporting	Suspected phishing, lost devices, exposed credentials, or data leaks must be reported to IT within 2 hours.
Screen lock	Laptops must be locked when unattended, even inside the office.

Source code, API keys, environment files, customer records, and internal documents must not be copied into public websites or shared with unauthorized users.

6. Responsible AI tools policy

Employees may use approved AI tools for brainstorming, drafting, summarizing, code explanation, test case generation, and productivity support. AI tools must be used responsibly and outputs must be reviewed before business use.

Allowed use	Not allowed
Summarizing public articles or non-confidential documents	Uploading customer personal data, secrets, API keys, or confidential contracts
Drafting internal emails, documentation, and presentation notes	Using AI output without checking accuracy, security, or licensing risk
Generating sample code, test cases, and learning explanations	Submitting AI-generated work as final without human review
Creating synthetic demo data for testing	Creating fake customer records that look like real personal data

AI-generated content must be clearly reviewed by the employee. For client-facing work, employees should mention AI-assisted preparation when required by project rules or client contract.

7. Expense reimbursement policy

Business expenses are reimbursed when they are reasonable, approved, and supported by valid receipts. Expense claims should be submitted by the 5th day of the next month.

Expense type	Limit or rule	Approval needed
Local travel	Actual cost with receipt	Manager approval
Meals during business travel	Up to INR 800 per day	Manager approval
Hotel stay	Mid-range business hotel	Pre-approval required
Client meeting expenses	Reasonable cost with business reason	Manager and Finance approval

Expense type	Limit or rule	Approval needed
Training course	Role-related course only	Manager and People Operations approval

Approved claims are normally reimbursed within 10 working days after Finance verification.

8. Code of conduct

NovaTech expects every employee to maintain a respectful, inclusive, and professional workplace. Employees should communicate politely, listen to others, and avoid behavior that could create fear, humiliation, discrimination, or exclusion.

Harassment, threats, bullying, discrimination, intentional misinformation, and misuse of company assets are not acceptable. Employees can report concerns to their manager, People Operations, or the ethics mailbox.

Conduct topic	Policy expectation
Respect	Use professional language and treat coworkers, clients, and vendors fairly.
Conflict of interest	Employees must disclose outside work, vendor relationships, or investments that may affect business judgment.
Gifts	Gifts above INR 2,000 must be declared to People Operations.
Social media	Employees should not share confidential company information or speak as official representatives without approval.
Workplace safety	Unsafe conditions, accidents, or security concerns must be reported immediately.

9. Performance review policy

Performance is reviewed through quarterly goals, manager feedback, peer collaboration, quality of work, learning progress, and ownership of assigned responsibilities.

Review stage	Timeline	Purpose
Goal setting	First 2 weeks of each quarter	Define measurable project, learning, and behavior goals.
Mid-quarter check	Middle of quarter	Discuss blockers, support needs, and progress.
Quarterly review	End of quarter	Review delivery, quality, teamwork, and improvement areas.
Annual review	December	Review full-year contribution, growth, promotion readiness, and compensation inputs.

Employees are encouraged to maintain a simple work log showing completed tasks, blockers, learning, and measurable outcomes. This helps make review discussions more evidence-based.

10. Exit process and asset return

Employees leaving the company must complete knowledge transfer, hand over project access, return company assets, and clear pending expense claims before the last working day.

Exit item	Deadline
Resignation acknowledgement	Within 2 working days of resignation submission
Knowledge transfer plan	Within 5 working days
Company laptop and accessories	On or before the last working day
Access removal	Completed by IT on the last working day
Final settlement	Processed after asset return and exit clearance

Appendix A. Quick policy tables

A1. Leave summary

Leave type	Days per year	Carry forward	Notice period
Casual leave	12	No	2 working days
Sick leave	8	No	Inform as early as possible
Earned leave	15	Up to 10 days	10 working days for long leave
WFH days	24	No	Manager approval required

Task	Deadline
Timesheet submission	Every Friday before 6:00 PM
Expense claim submission	By the 5th day of the next month
Security incident reporting	Within 2 hours of discovery
Emergency leave formal approval	Within 24 hours
Goal setting	First 2 weeks of each quarter

A3. Security checklist

Checklist item	Required?
Use MFA on business systems	Yes
Use VPN outside office network	Yes
Store company data in personal cloud drive	No
Share API keys in public code repositories	No
Report phishing or lost laptop quickly	Yes, within 2 hours

Appendix B. Sample questions for RAG testing

You can use the following questions to test whether your RAG application retrieves the correct policy sections:

1. What are the standard working hours at NovaTech?
2. How many sick leave days are allowed per year?
3. Can unused casual leave be carried forward?
4. How many days per week can an employee work remotely?
5. When must a security incident be reported?
6. Can employees upload API keys or customer data into AI tools?
7. What is the daily meal limit during business travel?
8. How quickly are approved expense claims reimbursed?
9. What gifts must be declared to People Operations?
10. What should an employee return during the exit process?
